Stan:

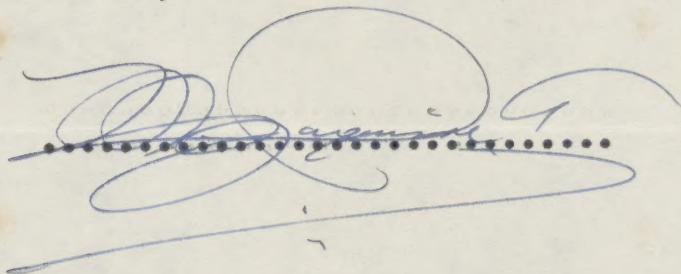

Days ago I sent to Max L. Kaplan, 550 Fifth Avenue, eight 2½ liberty quarters. Received letter from him where he tells me he took four of them and want to return the other four but he does not know how.

Would you please get in contact with him and pick them up for me?

If so, I would like you to look for a way to sell them there to somebody else or keep them for me until I tell you how to return them.

Yesterday I received a note from the PO concerning a registered letter. I will go today to see if it is your shipment.

Yours sincerely,

4-16-66

Miguel:

The 1857 rimmed but coin has been mounted. You should check the edges. Let me know how much you need to set or I can't really use it.

Best,  
Stan

Stan: I ~~do not~~ <sup>never</sup> stop to be fooled by someone or by myself. I paid \$60.00 for the coins. Please try hard to get rid of it.

Business is very bad here.  
Enclosed half eagle 1896.

Sincerely,

PS.. My problem with Strauss is not settled yet.  
However, I received letter from him.  
The 1909-Q Indian five which you returned to  
me, came here more than two months later.

Hi, Stan:

In The Numismatic Scrapbook I saw an advertisement of yours. I see you still<sup>MF</sup> in the business.

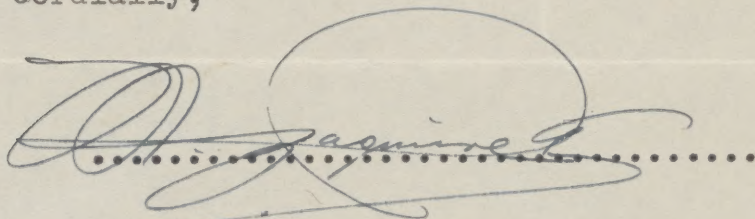

Rare gold is very scarce. What I have now are one 1909-0 half eagle, genuine, one 1911D half eagle and one 1913S eagle.

If you are interested in some of these coins, let me know.

A friend of mine has one half eagle 1850c in fine~~er~~ condition but I do not have any idea how much~~x~~ you could buy it for.

Hope to hear from you.

Cordially,

MIGUEL IZAGUIRRE A.

Stan:

Enclosed two liberty fives.

My stock of American gold coins is drying <sup>out</sup> ~~down~~.

What about other coins, Cuban gold coins, Mexican legal date gold coins? Would you be able to move them? Let me <sup>try</sup> and see what can be done.

Cordially,

PS. I do not have any idea what is happening with the American gold coins. I have not bought any other lot lately. I think those who have or can get them take them to your country directly and sell them there.

Stan:

Enclosed eight 2 $\frac{1}{2}$  Indian.

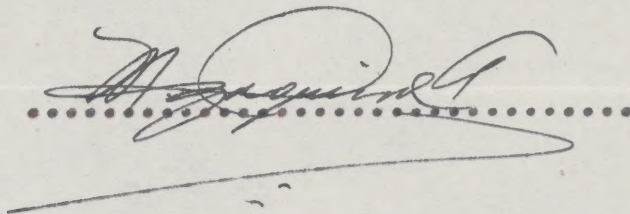

I bought the 100 five pesos gold you told me you could use. Some days later the dealer who sold them to me offered me 70 ~~pieces more~~ pieces more which were the last of the lot he had.

Before buying them I tried to reach you by phone but you weren't home.

Being afraid that the dealer would sell them to another person I decided to buy them and I bought them with the hope you could use them, too. Now I am ~~stuck~~ stuck.

Before selling ten pesos Cuba and Mexican gold coins I need get rid of the lot of five pesos Cuba and the American gold coins ~~of~~ which I have many. So, please get another customer for the five pesos.

Yours cordially,

MIGUEL IZAGUIRRE A.

Enclosed four liberty quarters and one Indian quarter.

Reachtree is paying \$43.00 for the liberty quarters and he always pays me more than his advertised prices, so I want you to pay \$44.00 for them and \$34.00 for the Indian quarter.

You see I have preferred to send these scarce coins *to you*.
